FOR IMMEDIATE RELEASE

Weekend Closures of Lanes and Ramps on Ventura Freeway (US Highway 101) and 405-101 Connector in Los Angeles

Drivers Should Use Other Routes to Avoid Long Delays During Pavement Repair Project

LOS ANGELES — The California Department of Transportation (Caltrans) will temporarily close some lanes and ramps on U.S. Highway 101 (Ventura Freeway) in the San Fernando Valley this weekend to install pre-cast concrete slabs in a \$62 million pavement rehabilitation project.

The closures will begin tonight (Friday, March 10) and will end Sunday morning (March 12) between Balboa Boulevard and White Oak Avenue. The schedule is weather-permitting and subject to change. The scheduled closures are as follows:

- **Closed from 9 p.m. today to 9 a.m. Saturday, and from 9 p.m. Saturday to 9 a.m. Sunday:** The #4 and #5 lanes (the slower lanes) IN BOTH DIRECTIONS between Balboa Boulevard and White Oak Avenue, a distance of approximately one mile.
- **Closed from 11 p.m. today to 7 a.m. Saturday, and from 11 p.m. Saturday to 7 a.m. Sunday:** The northbound #3 lane from Balboa Boulevard to White Oak Avenue, the northbound on ramp at Balboa Boulevard, the northbound off ramp at White Oak Avenue, the southbound on ramp at White Oak Avenue and the southbound off ramp at Balboa Boulevard.
- **Closed from 10 p.m. today to 8 a.m. Saturday, and from 10 p.m. Saturday to 8 a.m. Sunday:** The connector from northbound I-405 to northbound US-101.

Detours will be posted. The work is part of a 23-mile pavement rehabilitation project funded by the State Highway Operation and Protection Program (SHOPP). Myers and Sons Construction LP of Sacramento is the contractor on the project, which is expected to be completed this year.

Caltrans reminds drivers to “Be Work Zone Alert” and “Slow for the Cone Zone.”
